

KNOW YOUR DRUGS

IT COULD BE A MATTER OF LIFE AND DEATH

Adverse drug reactions are a leading cause of death

WHEN: Thursday April 7, 2022 from 7 to 8pm

WHERE: Central Adult Library, 2311 12th Avenue, Regina

WITH: David Carmichael - part of his cross-Canada tour

David Carmichael experienced psychosis in 2004, shortly after starting the antidepressant Paxil, and took the life of his 11-year-old son, Ian. He was then charged with first-degree murder, judged not criminally responsible and institutionalized. David manages the Know Your Drugs global awareness campaign as Executive Director of the charitable organization Canadians for Vanessa's Law. This public discussion is the Western Canada regional launch of his cross-Canada tour, which will end on June 23, 2022 in Victoria, British Columbia. Before the discussion, he will be delivering the presentation:

PREVENTING ANOTHER OPIOID CRISIS

HOW CONSUMERS OF PRESCRIPTION DRUGS
CAN BE PROTECTED FROM SIDE EFFECTS THAT
CAUSE DEATH, DISABILITY AND DYSFUNCTION

Event registration is not required. There is plenty of space.
